

YOUR MANDATORY STEPS FOR A DOCTORATE

Département de microbiologie,
infectiologie et immunologie
Faculté de médecine

Université
de Montréal

There are 3 semesters at UdeM: Summer, Fall, Winter.

If you do not provide the documents, this will cause a delay in the processing of your file and possibly a blockage

1

From your 1st trimester

- ☐ [Study plan](#)
- ☐ [Composition of the mentoring/advisory committee](#)
- ☐ [Research subject registration](#)

Name :

Admission term :

2

Before the end of your 6th trimester

- ☐ [pre-doctoral examination](#)

→ I consult the student guide to find out the conditions and procedure

3

From your 6th trimester onwards

- ☐ [Rédaction](#) if all of your courses have been completed and validated

→ If you start in winter, you will have 1 additional full-time status

4

Between your 7th and 15th trimester

- ☐ [Notice of submission](#)
- ☐ [nomination de jury](#) form+ [Conflits d'intérêts](#) : 1 per member
→ Related forms in the student guide ([Request form articles](#), [Agreement](#), [writing in english](#), [Embargo](#))
- ☐ Submission (as soon as the appointment is approved)
- ☐ Deposit receipt to be signed

→ Request for an extension: procedure in the guide

→ You can apply starting in the fourth quarter

→ Please note that you must submit your nomination at least two months before the date of your application

→ The deposit receipt will be sent to you by your TGDE upon receipt of your thesis

5

Thesis defense

- ☐ Defend one's thesis if the corrections are minor

→ The TGDE will receive the form from your president and distribute it. You must find a location and time that will be accepted by your jury

6

Upon receipt of the email from TGDE

- ☐ Submit your corrected and accepted thesis in Papyrus

→ Allow approximately 5-6 months after submission if the corrections are minor

The student guide remains your resource at all times: department website/resources/guides and form
